DAY 01

Portfolio

DAY 01

binary name:	no binary
repository name:	rendu/
repository rights:	ramassage-tek
language:	EN-FR
group size:	1

> **(!)**
> - Your repository must contain the totality of your source files, but no useless files (binary, temp files, obj files,...).
> - All the bonus files should be in a directory named *bonus*.

Introduction

Portfolio

For this project, you will create your portfolio because many companies will ask you to present your creations.

Restrictions

Portfolio

You can use any framework you want.

> **(!)** Your portfolio MUST BE responsive.
> This portfolio has to be hosted on an OVH VPS to access it online.

Subject
Portfolio

Your portfolio will be composed of :
- A presentation of yourself with a photo and a catch phrase.
- Your contact information, your profesionnal social networks, your actual research status.
- Your CV must be accessible.
- Your qualifications, your skills, your training, your professional experiences.
- A presentation of your projects realized during your actual training.
- We want a screenshot, if possible, and a description for each project.
- Your hobbies, your languages skills.
- A contact form (name, first name, email, subject, message).

Examples
Portfolio

You can take some inspiration from these but do not copy any of their content :
http://www.themezaa.com/html/resume/
http://www.amindiary.com/demo/papyrus

> (!) From now, you will have to update your portfolio. It's important to keep it updated for your professional contract search.
